

The Wonderful Work of LYDIA E. PINKHAM'S Vegetable Compound.

Mrs. I. E. Bressie Speaks of Her Melancholy Condition After the Birth of Her Child—Relieved by Lydia E. Pinkham's Vegetable Compound.

I feel as if I was doing an injustice to my suffering sisters if I did not tell what Lydia E. Pinkham's Vegetable Compound has done for me, and its worth to the world. From the birth of my child until he was four years old I was in poor health, but feeling convinced that half of the ailments of women were imagined or else cultivated, I fought against my bad feelings, until I was obliged to give up. My disease baffled the best doctors. I was nervous, hysterical; my head ached with such a terrible burning sensation on the top, and felt as if a band was drawn tightly above my brow; inflammation of the stomach, no appetite, nausea at the sight of food, indigestion, constipation, bladder and kidney troubles, palpitation of the heart, attacks of melancholia would occur without any provocation whatever, numbness of the limbs, threatening paralysis, and loss of memory to such an extent that I feared aberration of the mind. A friend advised Lydia E. Pinkham's Vegetable Compound, and spoke in glowing terms of what it had done for her. I began its use and gained rapidly. Now I am a living advertisement of its merits. I had not used it a year when I was the envy of the whole town, for my rosy, dimpled, girlish looks and perfect health. I recommend it to all women. I find a great advantage in being able to say, it is by a woman's hands this great boon is given to women. All honor to the name of Lydia E. Pinkham, wide success to the Vegetable Compound.

Yours in health,

MRS. I. E. BRESSIE, Herculaneum, Jefferson Co., Mo.

Mrs. Snyder Was Sick Nine Years and Thought There Was No Cure—Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Before taking your remedies, day after day I would read the testimonials of women who had been cured by the use of your Vegetable Compound. At last I decided to write and tell you my condition and follow your advice. I have been examined by physicians, who told me that my case called for the most careful treatment, and that an artificial inward growth would make it necessary for me to undergo a painful operation. I suffered for days at a time, and it was impossible to get any rest. For two months I followed your advice and used your Vegetable Compound, Blood Purifier and Sanative Wash, and now I am entirely cured. I had suffered nine years, thinking there was no cure for me, and it only took five bottles of your remedies to cure me.

Many a Little One Owes Its Existence to Lydia E. Pinkham's Vegetable Compound—Mrs. Kirchner's Statement.

I have taken three bottles of your Vegetable Compound, one package of Sanative Wash, one box of Liver Pills, and now I have a dear little babe four weeks old, and I am well. I have to thank you for this. I have spent \$200.00 for doctors' bills without obtaining any relief. For my cure I only spent \$5.00. I had been a victim of female troubles in their worst form; suffered untold agonies; had to stay in bed and have poultices applied, and then could not stand the pain. My physician told me if I was not careful I would die. I had bladder trouble, itching backache, catarrh of the stomach, hysteria and heart trouble, fainting spells and leucorrhœa. Can you wonder that I sing the praises of a medicine that has cured me of all these ills?
